Dear Mr Burchill,

SUBJECT Locked Accessible Toilets

I refer to your recent letter regarding MLAK accessible toilets within the Blue Mountains.

I am pleased to confirm that, Blue Mountains City Council ensures accessible toilets remain open throughout the day and this information is noted on the ToiletMap website.

Council prides itself on providing services and facilities that are accessible to our community and regularly, undertakes community consultation with people advising them not to lock the accessible toilets after use. To date Council has been successful in ensuring its accessible toilets remain unlocked during daylight hours.

Council is committed to equal access and I thank you for raising this important issue.

If you require further information on this matter, please contact Ms Prue Hardgrove Council's Disability Officer, on 4780 5000 or at phardgrove@bmcc.nsw.gov.au.

Yours faithfully
