~~Dear Ms Reid & Mr Burchill,~~

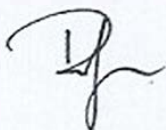

Re: The Scourge of Locked Accessible Toilets

Thank you for your letter dated 18 January 2019 regarding the opportunity to improve access for people with a physical disability to toilets which are locked during the day and only accessible using the Master Locksmith Access Key (MLAK).

I have discussed this opportunity with my colleagues in the buildings and property team and we agree that our accessible toilets which are currently locked during the day should be unlocked in accordance with our other public toilets. Subsequently, I am pleased to advise that Council plans to make the necessary changes to achieve this, and we will update the National Public Toilet Map website once we have done so.

Thank you for bring this matter to our attention. Should you wish to discuss this matter further, do not hesitate to contact me on 9911 6555.

Yours sincerely,

Russell Wolfe
Manager Parks & Recreation
